

365 Retail Markets PicoAmbient Vision AI Smart Cooler

Overview

The 365 Retail Markets PicoAmbient Vision AI Smart Cooler is an AI-powered ambient smart cabinet that provides a secure and convenient, self-service shopping experience for offices, hospitality areas, fitness centers, educational spaces, and other high-traffic locations.

The smart cabinet, by 365 Retail Markets, features spacious shelving, making it simple to display a wide range of ambient items, including snacks, packaged foods, and everyday essentials. This flexibility allows operators to stock a diverse assortment tailored to each location's needs, increasing customer engagement and supporting stronger sales.

The high security cabinet remains locked until a cashless payment method is pre-authorized. Powered by advanced computer vision and AI-driven product recognition, the 365 Retail Markets PicoAmbient Vision AI Smart Cooler automatically identifies items as customers remove them. This eliminates the need for scanning, creating a smooth, fast grab-and-go experience that leads to more impulse purchases and higher sales volume.

With its reliable hardware, smart technology, and easy front panel servicing, the 365 Retail Markets PicoAmbient Vision AI Smart Cooler is easy to deploy and simple to manage. With advanced AI-driven product recognition, generous capacity, smart security features, and a modern, intuitive user experience, it delivers a seamless grab-and-go shopping experience that drives higher sales and repeat engagement.
