

365 Retail Markets Stockwell AI Smart Cooler

Overview

Stockwell by 365 Retail Markets is a next-generation unattended retail cabinet designed to deliver fast, convenient access to snacks, drinks, and everyday essentials. Its modern, sleek design and frictionless checkout experience makes Stockwell ideal for workplaces, hospitality environments, schools, and other high-traffic locations seeking a reliable and secure self-service option.

From a merchandising standpoint, Stockwell provides generous display space and supports multiple product configurations. Featuring dual-climate zones, Stockwell stores both refrigerated and ambient products in a single unit, making it easy to offer a diverse mix, including:

- Refrigerated and ambient snacks
- Refreshing beverages
- Protein shakes
- Fresh salads
- Yogurt
- Fruit
- High-margin convenience items.

This dual-environment design allows operators to maximize product variety, increase customer satisfaction, and increase sales potential.

Stockwell's advanced AI and machine-learning product recognition technology automatically identify items as they are removed from the shelves. This eliminates the need for barcode scanning and ensures fast, accurate transactions.

Payment is flexible and secure, with support for tap-to-pay, card-insert transactions, and GMA/mobile wallet payments through 365's Pico device and the 365Pay app. This ensures compatibility with a wide range of consumer payment preferences while maintaining the high security required for unattended retail.

With its reliable hardware, smart technology, and easy front panel servicing, Stockwell empowers operators to expand into new environments while delivering a secure, modern, and highly convenient grab and go shopping experience.

Product Specs

Specifications 365 Retail Markets Stockwell AI Smart Cooler

Dimensions (HxWxD) 57 in / 60 in / 24 in

Power Input NAMA compliance

Dry compartment, technology (PC, Pico device, OptConnect, Cameras) 0.5A 115V AC Refrigerated compartment 1.6A 115V AC

Weight 181 kg (400 lbs)

Connectivity Optconnect, a dual SIM cellular router.

Stockwell PC and Pico Reader are hard-lined to Optconnect

Hardware Acteon Wiisper 10 PC (12 USB ports)

OptConnect Neo router
