

365 Retail Markets PicoFreezer Vision AI Smart Cooler

Overview

The 365 Retail Markets PicoFreezer Vision AI Smart Cooler is your gateway to entering and expanding within the frozen-goods market. With advanced AI-driven product recognition, generous capacity, smart security features, and a sleek, intuitive user experience, it delivers a convenient grab-and-go shopping experience that drives higher sales and repeat engagement.

Its spacious shelving makes it easy to merchandise in-demand frozen meals, snacks, treats, and more, giving you the flexibility to offer a broad and enticing product mix.

Powered by computer vision and AI technology, this smart freezer identifies every item removed with exceptional accuracy, ensuring smooth and reliable billing for each transaction.

Shoppers unlock the freezer using their preferred cashless payment method, grab what they need, and go, creating a fast, frictionless self-check-out experience that keeps them coming back.

The 365 Retail Markets PicoFreezer Vision AI Smart Cooler features SMARTLOCK, a fully integrated, NAMA-certified, dual-function food and health refrigeration controller. Additional features such as energy efficient triple-pane, Low-E coated antifog glass door, give customers a clear view of products while maintaining consistent insulation.

Operators have complete flexibility to manage products, track inventory, and set pricing through a fully programmable control center. Whether you're managing one unit or a full network, the 365 Retail Markets PicoFreezer Vision AI Smart Cooler gives you the tools to streamline operations effortlessly.

The 365 Retail Markets PicoFreezer Vision AI Smart Cooler is ideal for high-traffic environments such as workplaces, medical centers, apartment communities, and other busy locations. When paired with other Pico devices and 365 cabinets, it becomes part of a scalable, secure unattended market that caters to a wide range of consumer needs. This future-ready solution makes expanding your frozen-goods offerings both simple and highly
